

# HydroBalance

## 4M

### Multi-purpose Biocide

#### Overview

Multi-purpose biocide suitable for coils, ductwork or fogging. Safe to use in the food and beverage industries. Gives long lasting control.

#### Description

A broad-spectrum multi-purpose biocide, suitable for coils, duct work or fogging applications, 4M is an extremely effective and economical way to kill bacteria, algae and slime. 4M is also an effective cleaner and sanitizer for wheelie and waste bins, fabric with mould growth, refrigerators and freezers, ice machines and animal kennels. (For more information on alternative uses, please refer to the HydroBalance FAQ's.)

#### Directions for Use

Clean surface before use. For direct spray, dilute 100mL per 1L of water. For fogging, dilute 5mL per 1L, spray or fog into system while intake fan is running. Allow enough spray time for product to contact duct or coil system surfaces. Do not wipe off. Cleaning of coils, ductwork and work areas may produce an odour. It is recommended that application is scheduled out of hours of occupation.

#### Pack Size

1 Litre

#### Safety Information.

Avoid contact with skin and eyes. Wear protective eye wear and gloves when using. **DO NOT SWALLOW.**  
*First Aid:* For advice contact the Poisons Information Centre. Phone 131126 (Australia) or a doctor at once. If swallowed do NOT induce vomiting. If in eyes hold eyelids apart and flush the eye continuously with water until advised to stop by Poisons information centre or doctor, or for at least 15 minutes.

Refer to the MSDS for further information.
