

HydroBalance

Clean-Ice Ice Machine Cleaner

Overview

Safe and easy to use Ice Machine cleaner. Leaves ice tasting fresh and clean. Nickel safe.

Description

Clean-Ice is specially designed to remove scale build-ups which can lead to bacterial contamination of ice. Suitable for use on all ice machines including those with nickel drums and aluminium or galvanised parts. Fast acting, non-foaming and odourless, Clean-Ice can also be used for hot water heaters, vending machines, humidifiers and water cooled condensers.

Directions for Use

Turn off or unplug machine. Drain and re-fill water reservoir. Add Clean-Ice to circulating water at approximately 50mL per 1L of water. Circulate for 30 minutes. Brush on all surfaces. Clean drums by diluting 125mL Clean-Ice per 1L water in a plastic container. Brush on scaled surfaces. Drain and flush thoroughly with clean water. Repeat for extra heavy scale. For best results use every 1 - 3 months.

Pack Size

1L bottle

Safety Information.

Corrosive. DO NOT SWALLOW. Avoid contact with eyes and skin. Wear protective eye wear and gloves when mixing or using.

First Aid: For advice contact the Poisons Information Centre. Phone 131126 (Australia) or a doctor at once. If swallowed do NOT induce vomiting. If in eyes, hold eyelids apart and flush the eye continuously with water. Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or for at least 15 minutes. In case of contact with skin or hair, remove contaminated clothing and flush skin or hair with running of water.

Refer to the MSDS for further information.
